RJC-1A CLIP

The RJC-1A Clip creates a quick and easy alternative to keep your insulation on the wall.

PRODUCT DATA:

Material: 24 gauge galvanized tempered steel

The clip, 25,4 mm x 88,9 mm (1" x 3.5") is made from 24 gauge galvanized tempered steel that helps keep the clip tight to 4mm (0.157") and 5mm (0.196") ArmaGirt™ Z-Girts.

The "ski slope" design helps slide the clip onto the girt. This may be applied to the girt before fastening to the studs, or after the insulation is placed on the wall.

RJC-1A Clips are shipped in a 203mm x 203mm x 203mm (8" x 8" x 8") box weighing approximately 9,07 kg (20lbs). Each box contains 400 clips, enough to cover 98,9 m² (1 065 ft²) of wall.
